As "Desirable" as a Royalty

Being graceful is an art for a woman, she must know how to look the best of her charm. Draping herself in the traditional wear, she knows exactly what suits her best.

As 'Artistic' as the mother nature
 Bhaav manohar is an art for a woman, she must know how to look the best of her charm. Draping herself in the traditional wear she knows already what style her feet like to flourish and she thinks a lot, she thinks of what to wear and how to wear in the occasion of the place. She comes it with the poses emanating the affluence of the charmed lady's grace.
